

IERASG 2021

XXVII International Evoked Response
Audiometry Study Group
Biennial Symposium

online conference
14th June – 9th July 2021

<https://IERASG21.com>

Registration is open and call for abstracts!

After the first announcement of our 27th biennial Symposium of the **IERASG**, it is again our great pleasure to invite you all to participate at our online event starting on **14th of June 2021!**

Please register via our conference platform: <https://IERASG21.com>

On our homepage you will also find the preliminary program of the symposium, including the Hallowell Davis lecture, interesting guest lectures, interviews and workshops and special student sessions with live presentations and live-chat discussions with the experts.

The congress fee is 50 € (students free) and the participation in a workshop is additionally 30 €.

Call for abstracts

During registration you can also submit an abstract for an oral presentation or poster on topics ranging from auditory evoked responses including vestibular evoked myogenic potentials (VEMPs).

Upon receipt of your registration, you will receive further information regarding the proceedings, abstract submission and individual online access to our symposium.

Please distribute our invitation among all your interested colleagues and students at your organization or institution! Please use also the attached postcard.

We look forward to your participation and a lively scientific exchange at our online Symposium! In 2023 we will hopefully be able to meet in-person in Cologne, Germany for our 28th IERASG symposium!

Yours, Martin Walger and Mridula Sharma (co-Chairs)

Martin Walger (Cologne, Germany)

Mridula Sharma (Sydney, Australia)
